

Sundre Round Up –

# Book Donated By Women's Institute

The Eagle Valley Women's Institute has donated a book outlining the history of the organization to the Sundre Municipal Library.

"The Story of the Alberta Women's Institute" by Catherine C. Cole and Judy Larmour tells the story of Alberta's chapter of the WI movement.

Founded 100 years ago in Ontario by Adelaide Hunter Hoodless, the Women's Institute is dedicated to promoting women's rights and issues facing women and their families.

The Alberta Women's Institute was founded in 1909, with the organization being active in the Sundre area since 1915.

"We'll make good use of it," said Library staff member Gwen Parker.
